

ANGEL 27693 S

Name: Angel

About: VA Sponsor Suzanne Vanca . Angel arrived at Triple A on 19/May/21, he was picked up by Sanidad without chip. Angel is a bright orange cat, very handsome and affectionate with people. At the beginning he can be a bit shy but then he lets himself be petted and enjoys your caresses. He prefers to be a bit isolated and doesn't interact much with other cats. His relationship is not very good with other cats but he could live with another non dominant and independent cat.
